

KLOVE is a huge blessing to my family and me. I want to be able to continue hearing the Christian songs and encouraging Scriptures and statements on KLOVE. If KLOVE were not available in my community first of all, my family would greatly miss the uplifting music, and second of all the message of Jesus' love would not be heard over our local frequency in such an amazing and huge way. Keeping KLOVE on the air will continue to reach out to and bless the public who hear it. Thank you for keeping FM translators on the air and not allowing LPFM stations to "take over". May God bless you.
